**SMIT Online Test Pattern:**

- All questions will be in English and will be of multiple-choice questions (MCQ) type.
- The total number of questions is 60. The respective exam sections will be, Maths (20 questions), Physics (15 questions), Chemistry (15 questions), and English (10 questions).
- Total exam duration is 60 minutes.
- All questions are compulsory.
- There will be no negative marks for wrong answers.
- The merit list will be prepared by giving 60% weightage to the candidate’s score in SMIT Online Exam and 40% weightage to his /her marks obtained in the Class 10 Board Exam.
- Please note that all the subjects available in the Class 10-mark card will be considered while calculating the aggregate percentage. For example, if 6 subjects are mentioned in the marks card then marks of all the 6 subjects will be considered for aggregate percentage calculation.
- In case more than one candidate secures the same marks (tie), the tie will be broken by awarding higher rank to the candidate with the higher score in the mathematics section of SMIT online test. If the tie persists, higher score in physics section will determine the higher rank. Subsequently, higher score in chemistry section then score in English section decides the higher rank. In case where all four subjects mentioned above are having equal marks, the candidate senior in age is to be ranked higher.
- In case of any dispute, SMIT’s decision on the rank finalization shall be final and no further communication in this regard will be entertained.
